**Hereby apply for membership to CAAT and in so doing agree to support the mission statement and vision of CAAT:**

The Committee for Accessible AIDS Treatment (CAAT) is a coalition of affected individuals and organizations from the legal, health, settlement and HIV/AIDS sectors committed to promoting the health and wellbeing of people living with HIV who are facing access barriers related to their status using the tools of education, training, research, service coordination and advocacy

Our vision is a healthy urban community in which all individuals living with HIV/AIDS have the information and tools they need to access health, social and legal services that are welcoming, inclusive, and respectful regardless of their immigration status.
